Profile

Passionate Sports Videography/Photographer with two years of production experience. Successful as a hardworking team oriented person at the job. Is willing to go the extra mile in helping peers improve their work. Adept in Photographer and Videography and willing to learn more into editing skills.

Internship Experience

Broadcast Production Intern | College of the Cross Athletics

1/2026 - Present

Social Media/Broadcast Media Intern | Worcester State Athletics

1/2025 – Present

Assist Sports Information Director with various tasks including sports video broadcasting and play-by-play analysis and other various tasks such as press releases, providing website content, hall of fame ceremony development, etc. Attention to detail, sports knowledge, strong communication skills, graphic design. Assist in day-to-day and in-game social media promotion of news and athletic events. Assist in game day set-up, breakdown, and promotional events during athletic contests

Video Production Intern WCCA TV

6/2025 - 8/2025

A video production internship is to use various tasks in writing, producing and researching content for the TV station, for instance using the equipment like our cameras to go out on shoots like, for example, going to City Hall and talk to people about a certain issue. Also helping the station with their various shows camera work behind the scenes and also producing promos for the shows. Also, I learned video editing. From Adobe Premiere to edit my videos and upload them to the station website.

Volunteer Experience

Game Day Camera Operator Volunteer Milford TV

9/2025 to present

As a game day camera operator I had the responsibility of operating the camera and learning how to zoom in and zoom out of place, work with the team and listen to cues from my boss. I would help them set up the camera and also take it down every single game.

Production Member- Medfield TV

10/2025 to present

I have my own podcast show where I interview interesting people throughout the local community about sports. We podcast it on Podbean and put it on the Medfield TV YouTube channel and social media platforms. I also helped them out with shoots for video production as a volunteer.

Work Experience

Broadcast Production-

College of the Holy Cross

1/2026 to present

Home game management-

Worcester State University

9/2025 to present

My various tasks are to help with game management, for example, helping with the balls, setting up the equipment for the different fields and also spotting plays and also helping the players by giving them water.
